What our customers say

Lasse Holm Jensen
Head of Operations
Ashley Group

“ DA-Desk has been a great benefit to us; its easy-to-use platform has streamlined our PDA/FDA process and ensures that we don't miss any port calls, payments or old FDAs. Previously we would check all vouchers manually, but automating the process has alleviated a lot of pressure from our operations and finance team.

They're quick to help, and their online chat is excellent for quickly resolving small queries.

Our dedicated account manager is always happy to help, too! ”

“ Our partnership with Marcura has played a key role in our digital journey, and we are delighted to see that it is generating positive results not only financially, but also in terms of improving internal controls and compliance! ”

David Gooding

“ The compliance element is a major benefit to us. Presently, compliance is crucial, and we rely completely on DA-Desk's scalability to conduct the required checks and action related notifications as needed. ”
