

# VESON + PortLog<sup>®</sup>

NAUTICAL      MANAGE TIME & RISK IN PORT

## Get port costs and estimates of unpaid time at the click of a button, directly into your IMOS VIP.

PortLog is a Veson platform partner. As a result, an integration is currently available to bring PortLog's valuable data directly into your IMOS VIP.

### Three ways you benefit:

Improved estimates of unpaid time in port and port costs available instantly in IMOS VIP from PortLog

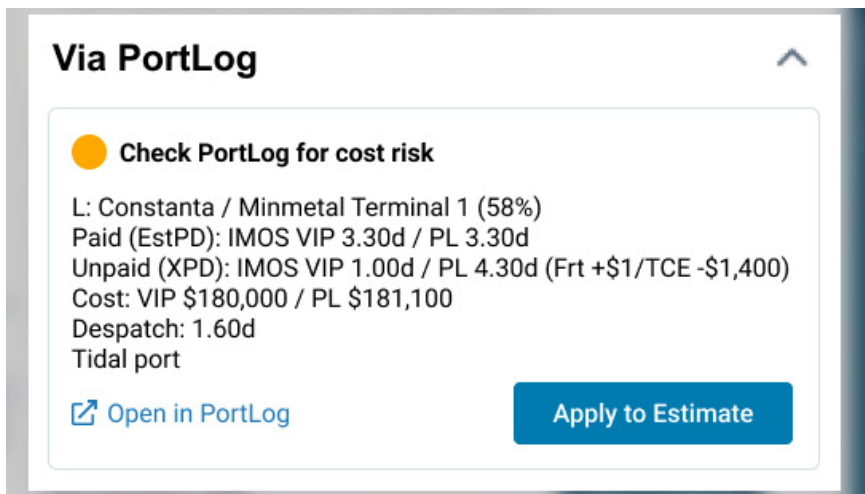

One-click 'apply to estimate' to use PortLog numbers for the port-stay estimate (time/costs)

Quick link directly to PortLog for further analysis and demurrage/despatch predictions

## The PortLog PRO webhook in IMOS VIP

## How it works

IMOS VIP sends search criteria to PortLog

PortLog sends results for time in port (paid/unpaid) and port costs back to IMOS VIP

Use PortLog numbers with a single click on 'Apply to Estimate'
